Mr David Matthews,
336 Gilles Street,
Adelaide SA 5000

Dear David,

I believe you have heard about the termination of my connections with ABR. I am of course annoyed by the way my term was ended, but I am also grateful for the time I had with the journal.

Not least of my pleasures as editor was publishing new contributors and coming to know them as friends. You number among the best of these, and I am very grateful for what you contributed to the stature of ABR.

Although I have no idea of the policy of the new editor, I hope that she will continue to commission work from you, if only so that I can continue to enjoy reading your reviews. I shall also suggest that Overland give you some reviewing.

I would suggest that you write to Kerry Goldsworthy indicating your interest in continuing as a contributor, and also that you drop a line to Stephen Murray-Smith at Overland, PO Box 249, Mt Eliza Vic., indicating the fields of your interest.

Regards.

Yours sincerely,

John McLaren
