Mr John McLaren,
359 Pigdon Street,
NORTH CARLTON, Vic. 3054

Dear John,

Thank you very much for the rewritten entry PUBLISHING. It is, I think, a great improvement on the current entry. Would you please fill out and return the enclosed Contributor Detail Form. We have noted that you prefer a set of the new edition rather than a fee.

Please do not go to any further trouble with tables. It is our general policy in the new edition to avoid putting precise statistics into the entries themselves. It dates them too rapidly. We are giving statistics for major industries, etc, in the Index/Appendix volume. But it is quite likely that figures for book publishing will not appear there.

We are setting the entry to conclude with your heading "Statistics" and the information as to where these can be obtained. Galleys will be sent to you for checking when available.

Yours sincerely,

Dick Appleton.
