Dear John and Shirley

Letters in haste as I wanted to send these the minute they came in the door. Hope you like it.

They are being distributed in the packets at next week's Conference and freely handed out.

Lannie is up the bush with some German writers and dozens of fine Australian wine this week and the April issue is moving along apace.

Thanks for your letter. Things will be easier with ABK now we have a spot here, and it should not suffer the delays that it has over the last few issues.

We all look forward to seeing you home (especially Lannie)

Love

John
